1.0 Signing on to the Motor Carrier Services System

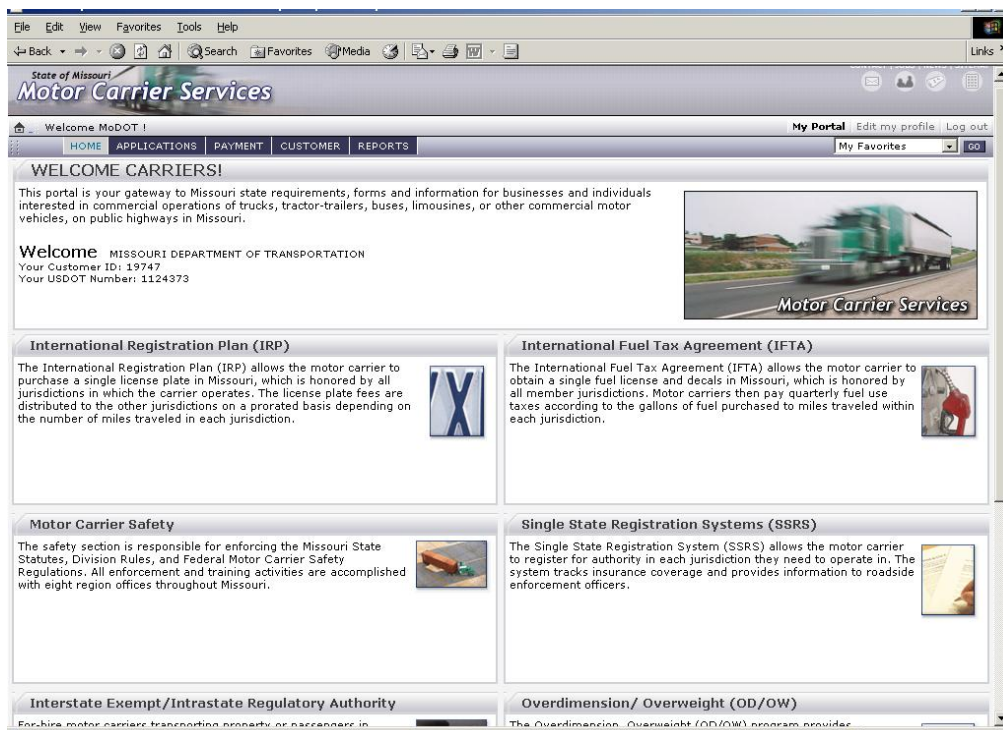

Access the Internet site: <https://mcs.modot.mo.gov/portal/wps/myportal/>
(Consider saving this site on your list of Internet favorites.)

The screenshot shows a web browser window titled "Access Manager for e-business Login - Microsoft Internet Explorer provided by MoDOT". The address bar shows the URL <https://mcs.modot.mo.gov/portal/wps/myportal/>. The page header includes the "State of Missouri Motor Carrier Services" logo and a navigation menu with links: CONTACT, SURVEY, JOBS, NEWS, and SITEMAP. Below the header, a mission statement reads: "Our mission is to provide a world-class transportation experience that delights our customers and promotes a prosperous Missouri." A large block of text states: "By using the username and password to log in and access the electronic services on this website, I affirm and represent that I am the owner and sole proprietor of, or I am authorized and acting as an agent on behalf of, the for-hire motor carrier, or private carrier by motor vehicle (as those terms are defined in section 390.020, RSMo 2000), whose account has been assigned this username and password by MoDOT Motor Carrier Services or I am an employee of the state of Missouri." Below this text are two input fields: "Username:" and "Password:". A "Login" button is positioned below the password field. The browser's status bar at the bottom indicates "Done" and "Internet".

1. Enter your **Username** and **Password**
2. Press enter or click **Login**

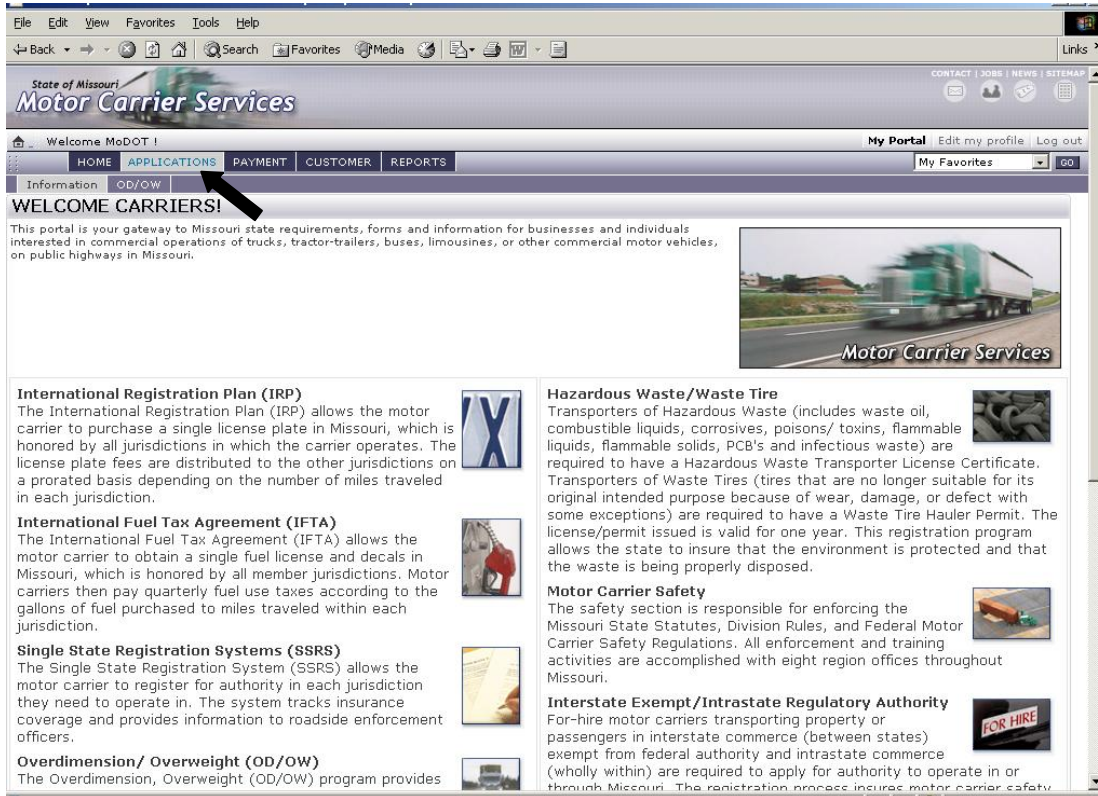

The following home page will appear.

The screenshot displays the "Motor Carrier Services" home page. The header features the "State of Missouri Motor Carrier Services" logo and a navigation menu with links: HOME, APPLICATIONS, PAYMENT, CUSTOMER, and REPORTS. A "My Portal" section includes links for "Edit my profile" and "Log out", along with a "My Favorites" dropdown and a "GO" button. The main content area is titled "WELCOME CARRIERS!" and includes a welcome message from the Missouri Department of Transportation, stating: "This portal is your gateway to Missouri state requirements, forms and information for businesses and individuals interested in commercial operations of trucks, tractor-trailers, buses, limousines, or other commercial motor vehicles, on public highways in Missouri." Below this, the user's "Customer ID: 19747" and "USDOT Number: 1124373" are displayed. A large image of a semi-truck is shown with the text "Motor Carrier Services". The page is divided into several sections: "International Registration Plan (IRP)" with a description and a small image of a license plate; "International Fuel Tax Agreement (IFTA)" with a description and a small image of a fuel pump; "Motor Carrier Safety" with a description and a small image of a truck; "Single State Registration Systems (SSRS)" with a description and a small image of a document; "Interstate Exempt/Intrastate Regulatory Authority" with a description; and "Overdimension/ Overweight (OD/OW)" with a description. The browser's status bar at the bottom indicates "Done" and "Internet".

2.0 Accessing OD/OW Permits

From the home page, click on *Applications*. The following screen will appear.

Next, click on *OD/OW*. The following screen will appear.

3.0 Entering a New Permit

3.1 Permit tab-screen

Click on **New** on the left side of the screen. The adjacent screen will appear. Click on yes at the Security Information pop up screen.

Four separate tab-screens make up the new permit application; the Permit tab-screen comes up first. Your company name and address will automatically populate.

A screenshot of the "New Permit" application form. On the left is a vertical menu with links: New, Open last, Recall, Search, Worklist, Vehicle Units, and Help. The main form has a "New Permit" title bar with "Submit" and "Remember" buttons. Below is a "Notes" section with a text area and "Add Notes" and "View Notes" buttons. The "App No:" field is set to "New". There are four tabs: "Permit" (selected), "Vehicles", "Dimensions", and "Route". The "Permit" tab contains fields for: Permit Type (Single Trip), Number (0), Start (09/28/06), Expires (10/04/06), Payment Type (Exempt), Account ID (000019747901), Acct Name (DURI DEPARTMENT OF TRANSPORTATION), and Balance (0). Below this is the "Permittee" section with fields for: USDOT# (1124373), Permittee (MISSOURI DEPARTMENT OF TRANSPORTATION), Address (2217 ST MARYS BLVD), City (JEFFERSON CITY), State (MO), Zip (65109), Phone ((573)751-7100), and Ordered By (KELLY). The "Delivery Information" section has fields for: Deliver By (Fax), Deliver No ((573)751-7408), and Email. A "Contacts" button is also present.

(Note: From this point forward all typing must be done with “CAPS” on)

- **Permit Type** (drop-down menu): Choose the type of permit you need. Some of choices are not available to all users. For instructions on obtaining a blank Pre-Issued permit see **Section 10.0**.
- **Number**: The number of pre-issued permits desired. This field is enabled for Pre-Issue type permits only.
- **Start**: Date when the permit becomes valid. Default is today’s date. Enter the date in the dd/mm/yy format.
- **Expires**: Date when the permit expires. This date is automatically populated depending on the start date and the type of permit chosen.
- **Payment Type** (drop-down menu): How permit will be purchased. Choose from escrow account, cash, check/MO, credit card, pre-issued, and exempt. Some of these choices are not available to all users. We accept MasterCard, Discover and American Express debit and credit cards. Visa is not accepted.
- **Account ID**: The ID of the escrow account for transactions associated with the permit is displayed (auto-populated).
- **Acct Name**: The name associated with the account.
- **Balance**: Account balance (Click button to refresh to the current account balance).
- **USDOT#**: Entering the USDOT# will fill in many of the fields on the screen if the Permittee is already in the system.
- **Permittee**: You can fill in the Permittee name by searching for it. **ALWAYS REQUIRED**.
- **Address**: This will auto-populate. If more than one address has been entered in the database, you may select a different one by clicking on address.
- **City, State, Zip, Phone**: Include your area code with your phone number.
- **Ordered By**: The name of the person requesting permit.
- **Deliver By** (drop-down menu): Choices are Fax, Mail, Pick Up, Express Delivery, Web, Self Issue, Email, and Fax & email
- **Deliver No**: The number associated with the delivery method (e.g., fax number). Include your area code.
- **Email**: The system will check the address entered to make sure it contains a period and an @.
- **Contacts**: Click to display available contact information

Entering a New Permit – continued

3.2 Vehicles tab-screen

Once you have entered all of the required information in the Permit tab-screen, click on the Vehicles tab to start filling in data about the vehicle for which the permit is being requested. The following screen comes up:

- **Load Description:** You must choose a load from the drop-down menu. You can also type an additional description of your load after an entry that has a dash followed by a blank (example, for Excavator, select Construction Equipment then “Excavator” after the dash). For a complete list of acceptable descriptions, see **Page 35**.
- **Single/Sectional:** Used only if the load is a manufactured home; indicates whether there are multiple units with similar serial numbers.
- **Under Own Power, Hauled, Towed, Haul/Tow options:** Select the option that describes the conveyance method that will be used to transport the load. Haul/Tow is used only when hauling and towing mobile home or modular home frames.
- **Serial #:** Required for certain Load Descriptions.
- **Width, Length, and Height:** Enter these values for the load itself in feet and inches.
- **Make:** This is the make of the load. Choose the make from the drop-down menu or type it in if it doesn’t appear in the menu.
- **Power Unit—Lic#:** Enter the license number of the main vehicle. If the license number you enter is not recognized by the system, you will be given the option to register it, as per the pop-up window below:

Click “Yes” to register the license and save it to the database, or “No” to return to the application without saving it. **Do not register a vehicle that has no license number.**

- **Power Unit—State:** Note that the State field defaults to MO. Be sure to change this if your vehicle is licensed in a different state.
- **Power Unit—VIN:** Vehicle Identification Number.
- **Power Unit—Type:** Choose the vehicle type from the drop-down menu.
- **Power Unit—Model Year:** Enter a 4-digit number (2005), not a 2-digit number (05).
- **Power Unit—Make:** Choose the power unit’s make from the drop-down menu or type it in if it doesn’t appear in the menu.
- **Units Two-Three-Four:** Enter the above information for up to three more units such as jeep, trailer and booster. For Superload vehicle types only the **Additional Vehicle** button is available to enter up to five additional units.

Entering a New Permit – continued

3.3 Dimensions tab-screen

Next you must enter the overall dimensions and gross vehicle weight. Click on the Dimensions tab to see the following screen:

The screenshot shows the 'New Permit' application with the 'Dimensions' tab active. The form contains the following sections:

- Dimensions:** Width: 12 ft 0 in, Length: 75 ft 0 in, Height: 14 ft 0 in, Trailer/Load Length: 48 ft 0 in.
- Overhang:** Front: 0 ft 0 in, Rear: 0 ft 0 in.
- Deck Space:** Used: 0 ft 0 in, Unused: 0 ft 0 in, Extended: ☐ Yes ☒ No. Well/Trailer Used: 0 ft 0 in, Unused: 0 ft 0 in.
- Weight Information:** Legal Axle/Weight: ☒ Yes ☐ No, Number of Axles: 5.
- Group Axle Weights:** Steer, Jeep, Booster, Drive, Trailer, and GVW (50000) fields.
- Axes:** A table for entering weight and spacing for 9 axles.

A black arrow points to the 'GVW' field in the 'Group Axle Weights' section, which contains the value '50000'.

These are the overall dimensions when the cargo is loaded on the vehicle.

- **Width:** overall width in feet and inches.
- **Length:** overall length (front bumper of the power unit to the end of the trailer or load) in feet and inches.
- **Height:** overall loaded height in feet and inches.
- **Trailer/Load Length:** length of the trailer with load together including overhang and unused deck space in feet and inches. If the Trailer & Load length exceeds 53' complete the next section otherwise go to the weight section.
- **Front and Rear Overhang:** in feet and inches.
- **Front and Rear Used and Unused Deck Space:** in feet and inches.
- **Well/Trailer Used and Unused Space:** in feet and inches.
- **Extended:** Use this selection to indicate if a trailer is extended.
- **Legal Axle Weight:** The default is Yes. You **MUST** enter the loaded gross vehicle weight and Number of Axles. If you click No, the Axle Weights fields must be entered.
- **Number of Axles:** The default is 5. Enter the total number of axles. The number of axles entered determines how many axle weight and spacing fields are made active.
- **Steer, Drive, Jeep, Trailer, and Booster Group Axle Weights:** in lbs.
 - Use these fields for routine tractor-trailer configurations.
 - The vehicle's GVW will be totaled automatically, based on what you enter for each of the Axle Weights.
- **Axle Weights:** in lbs. Use these fields to enter individual axle weights for specialized equipment and superloads only.
- **Axle Spacing:** in feet and inches measured from center of hub to center of hub between each axle. Enter each individual spacing amount (feet-inch format) in the Spacing field beneath the Axle Weight fields.
 - If you have more than 9 axles, you can shuffle through the axles by clicking the "First," "Previous," "Next," and "Last" buttons. "First" will take you directly to Axle 1; "Last" will take you directly to the last axle.
 - The vehicle's total axle spacing will be totaled automatically based on what you enter.
 - Total spacing cannot exceed overall length.

3.4 Route tab-screen

If you are applying for a Pre-Issue or Blanket other than a 30-day or longer combination vehicle, you do not need to click on the Route tab. However, if you are applying for a Single-trip, Superload, Multistate, Multi-stop, 30-Day, or Longer Combination Vehicle, you must fill out the route information. Clicking on the Route tab brings up the following screen:

3.4 Route tab-screen – continued

When you enter an acceptable route and press tab, the system will either take you to the *Location* field or give you a pop up screen with a selection of routes to choose from. Following is an example for Route 54.

Select the desired Route and click OK. You will automatically be taken to the *Location* field. The *Dir* field will default to N or E. Confirm the direction you will be traveling. To change it, go back to the drop down menu and choose N S E or W.

Location: Click on Lookup for acceptable locations or type the next route you will be traveling on. You will get a pop up screen with allowable Junctions, Towns and or Points of Interest (exit numbers off an interstate). Following is examples of Junctions or Towns on Route 54.

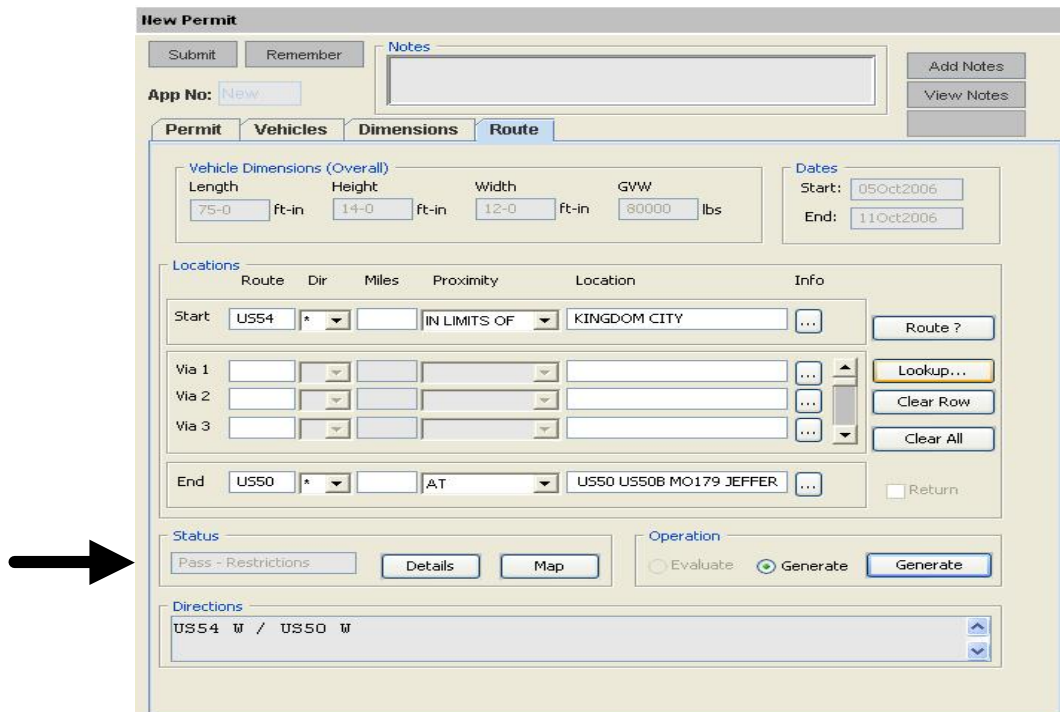

Route Miles: Enter the distance you are starting from the beginning Location, if applicable.

Proximity: Enter choice of Town, North of, South of, East of, West of or At.

Via: Enter a connecting route to Start Route. The system verifies a connecting route.

End: Enter the ending route and select the end Location from the drop down list.

Click on *Generate*. If the Route is acceptable, *Pass* or *Pass – Restriction* will populate in the *Status* field. If the route cannot be generated *Unable to Generate Route* will populate the *Status* field. Following is an example:

3.5 Entering notes

Once you have entered all the necessary information if you need to add notes to this application, click the Add Notes button.

The 'View Notes' dialog box is shown. It has a title bar 'View Notes' with a close button. Inside, there are two text areas: 'DOT Notes' (empty) and 'Applicant Notes' (containing two identical lines of text: 'stickd: ARE YOU STARTING EAST OR WEST OF RT 65 AND HOW FAR?'). A 'Cancel' button is at the bottom. The text 'Java Applet Window' is at the bottom left.

The Notes section will become enabled. The Notes field is fully editable. Enter any additional information that needs to be part of this application. You can type in a maximum of 1,024 characters. Longer entries will be cut off when you leave the tab-screen. The State users will also use this screen to communicate with the industry users when the application is put on hold, for the industry user to update. To view notes, click "View Notes." The DOT notes are state users only.

The 'New Permit' application form is shown. It has a title bar 'New Permit'. At the top left are 'Submit' and 'Remember' buttons. To the right is a 'Notes' text area. Below the 'Notes' area are 'Add Notes' and 'View Notes' buttons, with an arrow pointing to the 'Add Notes' button. The form has tabs: 'Permit', 'Vehicles', 'Dimensions', and 'Route'. The 'Route' tab is selected. Under 'Route', there is a 'Vehicle Dimensions (Overall)' section with fields for Length (75-0 ft-in), Height (14-2 ft-in), Width (12-0 ft-in), and GVW (80000 lbs). To the right is a 'Dates' section with 'Start' (05Oct2006) and 'End' (11Oct2006). Below is a 'Locations' section with a table of route information. The 'Start' row shows 'US54' and 'KINGDOM CITY'. The 'End' row shows 'US50' and 'US50B MO179 JEFFER'. To the right of the table are buttons: 'Route?', 'Lookup...', 'Clear Row', and 'Clear All'. At the bottom left is a 'Status' section with 'Pass - Restrictions', 'Details', and 'Map' buttons. At the bottom right is an 'Operation' section with 'Evaluate' and 'Generate' buttons, and a 'Generate' button. At the very bottom is a 'Directions' section with a text area showing 'US54 W / US50 W'.

Click on **OK**. This will take you back to the application to make corrections. After you have made the necessary corrections, click on **Submit** to send the application back to MoDOT MCS.

6.0 Using Search

When you need to look up information on submitted applications or existing permits, click **Search** on the left of the screen. The following screen appears:

The screenshot shows a web browser window titled "IBM WebSphere Portal - Microsoft Internet Explorer provided by MoDOT". The page header includes "State of Missouri Motor Carrier Services" and navigation links like "CONTACT", "JOBS", "NEWS", and "SITEMAP". A "Welcome MoDOT!" message is displayed. The main navigation bar has tabs for "HOME", "APPLICATIONS", "PAYMENT", "CUSTOMER", and "REPORTS". The "APPLICATIONS" tab is selected, and the "Search for Applications" section is active. On the left, a sidebar menu lists "New", "Open last", "Recall", "Reports", "Search", "Worklist", "Vehicle Units", and "Help". An arrow points to the "Search" option. The main content area contains instructions: "Check the status of submitted applications, view data on existing permits, or copy existing permits then submit them as a new application for processing." It lists two search methods: 1. Search by number, with a field for "Enter an application or permit number and open as a template:" and buttons for "Copy New" and "Search"; 2. Search by permit type, application status and dates, or permittee name, or power unit license, or trailer unit license, or by the USDOT Number. This section includes dropdowns for "Permit Type" (set to "SINGLE TRIP") and "Status" (set to "ALL"), date fields for "Status dates (mm/dd/yyyy)" (03/20/2006 to 04/04/2006), and text input fields for "Permittee Name", "MCS Account No." (19747), "Power Unit License", "Trailer License", and "USDOT". At the bottom, there are radio buttons for "10 records per page" (selected) and "All records in one page", followed by a "Search" button.

As you can see, you can search for your information in any of several ways:

1. Search by Number, by Application/Permit Number

- Click the “Search” button to search by application or permit number. You will only bring up information on the specific item you seek.
- Click the “Copy New” button to open the searched item as a template.

2. Search by Permit Type or Application Details

This powerful search process allows you to choose multiple criteria in order to bring up a range of applications or permits to view.

Choose at least one of the following criteria to search on:

- **Permit Type:** The default is Single Trip.
- **Status:** From ALL to PREISSUED.
- **Dates:** This is a range for the dates that the permits start. Enter the date in the form mm/dd/yyyy.
- **Permittee Name:** This is the name the permit was issued to. (Note: Your search will only produce results for permits in your account.)
- **MCS Account No.** This field already has your account number in it and cannot be changed.
- **Power Unit License**
- **Trailer Unit License**
- **USDOT**

You can also choose to display a set number of records per page or all records on the same page.

- The “Search” button only works for this search process, and will not search for and open a permit or application that had been sought by number.

Open an application by clicking on the Application number for the desired record. Note that your choice of radio buttons at the top of the screen will determine how the record is opened. (See the Main Screen section for a discussion of what the radio buttons do.)

1. **Open as a Template.** Selecting this option allows you to create a new record with the same information in it as the selected record. This function is useful to speed up the processing of multiple permits from the same Carrier. The new record will open, allowing you to change or add pertinent information (usually vehicle or load) without having to retype the Carrier's basic information.
2. **Open for Editing.** Selecting this option allows you to open an **unprocessed** application to edit it.
3. **View PDF.** Selecting this option allows you to open an issued application or permit to view or print it, but not to edit it.

To browse through the records if there is more than one page of them:

- Click "Next Page" to see the next page of records.
- Click "Previous Page" to see the previous page of records.
- Click "First Page" to go to the first page of records.
- Click "Last Page" to go to the very last page of records.
- Click the page number beneath the buttons to go directly to a particular page.

7.0 Vehicle Units

When you click on **Vehicle Units**, the following screen appears. From this screen you can search for, add, edit, and delete vehicle unit information associated with your fleet. The data you add here will populate the Vehicles tab-screen when you enter a saved vehicle unit's license number in a permit application. (**Note:** This functionality does not work for Permit Service users. Adding a vehicle unit will simply add a vehicle to the Permit Service fleet which is non-existent. To add a vehicle, use the Entering New Application).

The screenshot shows the 'Motor Carrier Services' web application in a Microsoft Internet Explorer browser. The page title is 'State of Missouri Motor Carrier Services'. The navigation bar includes links for HOME, APPLICATIONS, PAYMENT, CUSTOMER, and REPORTS. The left sidebar contains a menu with options: New, Open last, Recall, Reports, Search, Worklist, Vehicle Units (selected), and Help. The main content area is titled 'ODOV Vehicle Units' and contains a form with the following fields: 'MCS ID:' with the value '19747', 'License:' (empty), and buttons for 'Search' and 'Add New'.

To add a new vehicle unit, click “Add New.”

The screenshot shows the 'Add a new ODOV Vehicle Unit' screen in the same web application. The form fields are: 'Carrier MCS ID:' with the value '19747', 'License:' (empty), 'State:' with a dropdown menu showing 'MO', 'Type:' with an empty text field and a dropdown menu, 'Make:' with an empty text field and a dropdown menu, 'Model Year:' (empty), and 'VIN:' (empty). There is an 'Add' button at the bottom of the form.

The Carrier MCS ID is already entered for you and cannot be changed. The information you need to enter is:

- **License number**
- **State** (drop-down menu): The State field defaults to MO. Be sure to choose the correct state that the vehicle is licensed in.
- **Type:** Select from the drop-down menu to the right of the field.
- **Make:** You can choose a vehicle make from the drop-down menu to the right of the field, or enter one yourself in the empty text field next to “Make.”
- **Model Year:** Enter a 4-digit year (e.g., 1999, 2005).
- **VIN**

When you have entered all information, click “Add.” A message will appear at the top of the screen that says the record has been added. To view the results, perform a new search.

7.0 Vehicle Units - continued

You can search by license number or click on search to display all your vehicles that have been saved. The MCS ID defaults to your Account number.

12.0 Pre-Issue Sample - continued

Requirements for Pre-Issued Permits

- (A) The permit must accompany the move until the move is completed;
- (B) Travel is limited to one-half hour before sunrise to one-half hour after sunset, except as permitted in subsection (E). No movement is allowed when road conditions are hazardous, such as snow and ice covered or when hazardous cross winds affect the movement or when weather conditions are such to limit the visibility to less than five hundred feet (500');
- (C) No movement is allowed during the following holidays beginning at 12:00 noon on the day preceding the holiday or the holiday weekend period: New Year's Day (January 1), Memorial Day (last Monday in May), Independence Day (July 4), Labor Day (first Monday in September), Thanksgiving Day (fourth Thursday in November), and Christmas Day (December 25). The restriction for Thanksgiving will begin at 12:00 noon on Wednesday and apply through Sunday. In the event a holiday falls on Saturday, the restriction will apply to the preceding Friday. If a holiday falls on a Sunday, the restriction will apply to the following Monday;
- (D) No movement is allowed on Saturdays and Sundays in the Lake of the Ozarks and Branson Areas as follows:
 - 1. Lake of the Ozarks Area – restriction applies May 25th through Labor Day (1st Monday in September);
 - a. Route 54 – between the junctions with Routes V (Miller Co.) and Y (Camden Co.).
 - b. Route 5 – between the junction with Route 54 and the city limits of Gravois Mills.
 - c. Route 42 – between the junctions with Routes 54 and 134.
 - d. Business 54 – between the east and west junctions with Route 54;
 - 2. Branson Area – restriction applies May 1st through November 30th;
 - a. Route 76 – between the junctions with Routes 13 and 160
 - 3. Route 13 – between the city limits of Branson West and the junction with Route 86 west.
- (E) For safety and to reduce traffic congestion, Monday through Friday travel in the metropolitan areas of St. Louis, St. Charles, Kansas City and Springfield is restricted as follows:
 - 1. 6:30 a.m. to 9:00 a.m. and 3:30 p.m. to 6:30 p.m. curfew:
 - a. St. Louis City and County, with the exception of Route 370
 - b. St. Charles County on Route I-70, eastbound travel between the junction of 61 and the Missouri River Bridge is restricted from 6:30 a.m. to 9:00 a.m. and I-70 westbound between the Missouri River Bridge and the junction with Route 61 is restricted from 3:30 p.m. to 6:30 p.m.; Route 40/61 (I-64) both directions between the Missouri River Bridge and I-70; and Route 94 both directions between route 370 and Route 40/61 (I-64).
 - c. Jefferson County on I-55 (both directions) between the St. Louis County Line and Route 67; Route 21 and Route 30 (both directions) between St. Louis County Line and Route BB; Route 141 (both directions) between the St. Louis County Line and Route 61/67 is restricted from 6:30 a.m. to 9:00 a.m. and 3:30 p.m. to 6:30 p.m.
 - 2. 7:00 a.m. to 9:00 a.m. and 4:00 p.m. to 6:00 p.m. curfew:
 - a. In the Kansas City area on the routes or inside of the area bounded by routes 150, 291, I-470, 152 west, to I-435 (Platte County) exit 24 south to the Kansas State Line.
 - b. Inside the city limits of Springfield, except:
 - 1. I-44 - restricted between 4:00 p.m. and 6:00 p.m. only.

Requirements for Pre-Issued Permits

2. US60 - restricted between 4:00 p.m. and 6:00 p.m. only.
3. US65 - restricted between 7:00 a.m. and 9:00 a.m. and between 3:30 p.m. and 6:00 p.m. only.

- (F) Maximum speed for all moves shall be ten (10) miles per hour less than the posted speed limit. Movements over routes where minimum speed limits are posted shall operate at least at the minimum speed posted;
- (G) Escort Requirements are as follows:
1. Overlength. A rear escort is required for movements when the vehicle and load exceed ninety feet (90') for a combination unit on all highways except divided highways.
 2. Overheight. A height detection vehicle is required to precede overheight loads exceeding fifteen feet six inches (15'6"). The height detection vehicle shall have a vertical clearance detection device and have continuous, uninterrupted communication with the power unit;
- (H) Front escorts shall travel approximately three hundred feet (300') in front of the load and rear escorts approximately three hundred (300') to the rear of the load. In heavy traffic or when traveling within cities or towns, the escort vehicle should maintain a distance consistent with existing traffic conditions.
- (I) Flagging is required whenever the dimensions of overwidth load are equal to or exceed the width of the travelled lane on two (2) lane bridges or whenever the movement is of such width or length that it infringes on the adjacent lane of traffic. The operator of the escort vehicle may act as the flagger. On shorter bridges it may not be necessary to actually stop traffic if sight distance is good, but on longer bridges or where sight distance is short, a flagger must be used to direct traffic and be prepared to stop traffic if necessary. A flagger is also required if the permitted vehicle and load must stop due to a breakdown with all or part infringing on the traveled roadway. All traffic control devices shall meet the requirements listed in the Manual on Uniform Traffic Control Devices (MUTCD) published by the Federal Highway Administration (FHWA).
